# UNDERCOVER AREA/HALL PROJECTION SYSTEM

CLICK TO VIEW OUR SOLUTIONS

\$ FROM \$9,425 + GST

Our School Undercover Area and Hall Projection Systems are designed with durability, simplicity, and performance in mind.

Ideal for school events, assemblies, and sports areas, this system combines high-grade components with intuitive functionality, delivering bright, powerful projection in all conditions. Whether used daily or occasionally, it's a reliable, easy-to-use solution built for educational environments.

## Key Features:

- **One-touch operation** via a simplified wall connection plate.
- **Fully automated electric screen** for smooth and hassle-free use.
- **Protective projector cage** safeguards against ball sports, damage, and theft.
- **Minimal staff training required** thanks to intuitive controls and streamlined setup.
- **No ongoing costs for remotes or batteries**, reducing maintenance and loss risks.

Built specifically for schools, this system delivers professional-grade projection while remaining easy to operate for staff. It's a smart investment in functionality, safety, and longevity—perfect for transforming any undercover area or hall into a multi-use learning and presentation space.

# UNDERCOVER AREA/HALL TRIPLE PA SYSTEM

CLICK TO VIEW OUR SOLUTIONS

\$ FROM \$8,925 + GST

Our TPA Installed Sound System has been custom designed for **school halls, undercover areas, and multipurpose spaces**—delivering powerful, clear audio for school assemblies, performances, presentations, and more.

Whether you're running a school assembly, hosting a guest speaker, or playing audio for a school production or ceremony, the Triple PA System provides dependable sound performance that enhances every event.

Supplied and installed with **4 commercial grade speakers** and speaker wall plate, the system is easy to use and may be supplied with a host of optional extras such as:

*Portable speaker kit, CD player / MP3, Bluetooth music player, Additional wireless microphones, Choir microphone kit*

## Need to use your PA System on the oval or around the school?

No problem! For events in other areas of your school or when flexibility is key, our Triple PA System can be easily converted into a portable setup.

Mounted on heavy-duty wheels, the system is ready to roll to any location and can be set up in minutes. **With the optional Portable PA Speaker Kit**—which includes 2 x speakers on stands that connect seamlessly to your system—you'll enjoy optimal sound coverage across larger areas. Perfect for sports carnivals, outdoor assemblies, and multipurpose events.

All you need is a power connection, and you're ready to go!

# UNDERCOVER AREA/HALL CUSTOMISED LED SCREEN

# CLASSROOM INTERACTIVE WHITEBOARD & PROJECTION SYSTEM

CLICK TO VIEW OUR SOLUTIONS

\$ FROM \$4,495 + GST

## Interactive Whiteboard (IWB)

Our Interactive Whiteboard Solutions feature an **Epson Ultra Short Throw interactive laser projector**, mounted directly above a **durable porcelain whiteboard**. This setup allows educators to deliver engaging, hands-on lessons by writing or drawing directly on the board using either electronic pens or their fingers (optional part required).

**A wall-mounted input plate** makes it easy to connect a laptop or device, enabling seamless presentation control and live annotation. **High-quality speakers** are mounted on either side of the projector to ensure clear, even audio throughout the classroom.

## Non-Interactive Projection Options

We also have Non-Interactive Projection Solutions that include a wall- or ceiling-mounted laser projector paired with a porcelain whiteboard, or a fixed or electric screen, delivering bright, sharp visuals for presentations, videos, and lessons. A simple plug-and-play wall plate allows teachers to connect their devices with ease. Optional audio solutions can be added to ensure clear sound distribution across the room.

# AROUND THE SCHOOL DIGITAL SIGNAGE

CLICK TO VIEW OUR SOLUTIONS

\$ FROM \$1,895 + GST

Digital Signage is a great way to show off any updates within your school.

Keep your school up to date through displaying content with **school notices, awards, holiday updates, assembly updates and more.**

You can install your display in the school **reception area**, an **internal staffroom** digital signage display, **around the school grounds, road side signage** or even within the cafeteria as a **menu board.**

## Fusion Signage Content Management Software

With the Fusion signage system you can have your screen flick between all your different updates. You can also schedule your content to only display on your digital signage screen at specific times or on specific days.

## Screen Options

Digital signage screens can come in a range of sizes and some screens can go in **portrait mode** as well as **landscape.**

Screens can be installed in a range of areas including **wall mounted displays, window signage displays** on a **mobile trolleys** and more.

# AROUND THE SCHOOL

## ACOUSTIC TREATMENT

CLICK TO VIEW OUR SOLUTIONS

\$ FROM \$3,495 + GST

Acoustic Panels help reduce noise in the **classroom, library, gym** or **school hall**, making it easier for students to focus & learn.

The panels come in a range of different shapes and sizes and can be installed throughout the space to absorb any unwanted echo or reverberation within the room. Once the panels are installed you will immediately notice change in the noise energy.

The finish is high quality soft material interior design standard, so not only will they perform sonically, but also visually.

# AROUND THE SCHOOL

# ACOUSTIC PODS

CLICK TO VIEW OUR SOLUTIONS

\$ FROM \$9,495 + GST

Acoustic pods are an increasingly popular addition to school environments due to their ability to create quiet, focused spaces in otherwise noisy and active settings.

These self-contained units are designed with sound-absorbing materials that significantly reduce ambient noise, **helping students and staff concentrate better and communicate more effectively.**

In **classrooms, libraries** and **open-plan areas**, acoustic pods provide a private space for **small group work, one-on-one tutoring, or quiet reading** without the distractions of the surrounding environment.
